Enrollment Reporting Service

- The Clearinghouse **provides enrollment status** and deferment information for financial aid students on behalf of its participating institutions to **guarantee agencies, lenders, servicers, and the NSLDS**.
- The data uploaded from your enrollment file submissions also drives other services that your institution might participate in, such as Student Tracker, Student Self-Service, Verifications, etc.

- Report changes in Status to the Clearinghouse as swiftly as possible because...
 - The ED requires Status changes to be sent to NSLDS within 60 days of the Date of Determination.

Best Practices for Reporting Graduated Statuses

For a low volume of students to update:

- Leverage the NSC secure site's Student Look-Up Online Update, selecting "Other Changes" or via the G NOT APPLIED list
- If the student is a different status at the campus level or has current enrollment in a different Program, report the completed Program to a Graduated enrollment status in the Student Look-Up, selecting "Update Program Indicator and/or Program Information" or "Other Changes"

Best Practices for Reporting Graduated Statuses

NSC Preferred Ways to Report all Graduates:

- Via scheduled Enrollment files: report changes in status to Graduated on scheduled Enrollment Reporting files to NSC (i.e. sending Graduated statuses at respective campus and/or Program levels on the final Subsequent of Term enrollment file)
- Via a NSC Graduates Only Enrollment file: This enrollment file type is designed for reporting separation statuses like Graduated or Withdrawn

NSLDS Compliance Reporting Expectations for Graduated Enrollment Statuses

- Expectation: NSLDS requires schools certify Graduated Statuses for each completed Program of Enrollment
- Reason: NSLDS uses the G Statuses in their 150% Calculations
 - Students subject to the 150% Direct Loan Limit, who complete their program before exceeding the 150% Limit, will have interest subsidy protection with reporting of the Graduated status from the school for unique, completed program- see the NSLDS Guide <https://ifap.ed.gov/nsldsmaterials/attachments/NewNSLDSEnrollmentReportingGuide.pdf>

23

How Does this Translate to NSC Enrollment Reporting?

- Due to the multiple, required components in the NSLDS program level detail, NSC recommends schools report changes in enrollment status to Graduated “G” using Enrollment Reporting to NSC instead of limiting to sending degree records on Degree Verify files.
- Reason: there are numerous scenarios related to Program Level detail that require schools report Gs in Enrollment files and not just send degree records on DV files.

G from DV FAQ Page

NATIONAL STUDENT
CLEARINGHOUSE®

G from DV FAQs
June 13, 2018

What is G from DV?

G from DV is an optional, no-cost add-on service offered to schools that participate in Enrollment Reporting and DegreeVerify, which can assist in reporting your graduates. G from DV is also referred to as G from DegreeVerify or G from Degree.

After the degree file is loaded into our degree verification database, if the G from DV function criteria is met¹, the system will use the G status from the degree records to create the G from DV Graduates Only Enrollment file. Once the G status is applied to the enrollment record, it can be used to report out to NSLDS and participating lenders, servicers and guarantors for compliance reporting and student loan servicing purposes.

As a result of the 150% reporting implementation in 2014, there are now specific limitations regarding which G statuses are applied via the G from DV file. Our [transparency enhancement](#) provides your school with a list of the G records from your degree file that were applied and were not applied.

Why did a student appear on the G-Not Applied list?

There may be instances when a degree record on a DegreeVerify file is not applied to the G from DV Graduates Only Enrollment file. If so, it will be placed on the G-Not Applied list that is available under the Degree Reporting tab. The G-Not Applied list only refers to records that were not applied to the G from DV Enrollment file. The degree records for these students will still be loaded to the Clearinghouse system and be available for verification.

The following is the list of reasons why a student's degree record was not applied to a G from DV file with corresponding reasons that you would actually see on the G Not Applied tab "Reasons for Not Applying G" Column.
